

Welcome to Paradigm Kids Montessori

Paradigm Kids is a high quality, dual-medium, Christian environment that provides specific day-care and learning facilities and services for children aged 2 months to 6 years. At Paradigm Kids we provide an environment that is stimulating, exciting and one which encourages individual learning through the Montessori educational approach. Within this environment, our aim is for children to be happy, healthy and well-balanced.

Montessori is an enlightened method of observing and supporting the natural progression of a child through her or her life stages. In the prepared Montessori environment, each child develops at his or her own pace. There is a misconception about Montessori schools. Although we are a Montessori school we try to meet the needs and standards of parents and the environment.

At Paradigm Montessori we promote and encourage a close parent-teacher relationship. This is beneficial as it provides the child with a strong foundation for learning. When the rules that the child learns at home match the rules that are taught and kept to at school, the child's mind is set at ease and a sense of confidence and responsibility grows within the child. We have a half-day and a full-day option available and in this spirit, we would ideally like to act as a "home away from home" for your child.
